

Village Creek Community

On behalf of your local Monster Tree Service, I would like to begin by saying “Thank You” for the privilege of serving the community on the 2024 Tree Maintenance Project and being a continued maintenance service partner to the community. As part of this project, we are excited to offer community residence a Spring Offer who are interested in securing our services while obtaining the best value for their investment. This offer include:

Pruning. Our special offer includes \$147.00 per tree (tax included) with the side picture illustrating the targeted tree size and condition. Pruning services will include removal of dead wood 2” and greater, thinning of the crown to help reduce the risk of storm damage, and elevate any low hanging / downward growing limbs to allow safe movement of vehicles and pedestrians. Limbs above sidewalk / ground will be 12’ and above roadways no lower than 16’.

If you are interested, please do the following:

1. Call our office at **832-224-8100**
2. Schedule an appointment and mention “**2024 Village Creek**” offer to secure the unique pricing.
3. A sales arborist will visit your property to create a final workorder to be accepted.
4. Based on the accepted proposals, jobs will be batch scheduled to be done in early March 2024.

This offer is only good until **Friday February 23rd 2024.**

Other important items to start thinking about the upcoming growing season includes:

- Other Tree and Shrub needs including any additional pruning (Crape Myrtles, palms, etc.) or any removals because of winter weather / last summer’s drought.
- Safeguard the health of your trees and shrubs with our ecologically sensitive programs including our Spring Soil and Nutrient Programs. We offer organic, traditional, and hybrid programs.
- Crape Myrtles are beautiful and easy to grow, but if you notice black sooty mold on your Crape Myrtle it may be an indication of a piercing, sucking, insect problem

Monster Tree Service can handle all of your tree and landscape needs. While we can remove and prune trees on your property, our passion is in caring for them to encourage healthy growth. We are available to answer any specific question you may have about pricing or any other aspect of our services. Again, on behalf of Monster Tree Service, thank you for the opportunity to serve your Tree Maintenance and Plant Health Care needs. We look forward to continuing our partnership with the community for many years to come.

Yours in Service,
Tobias Judd
